SUMMARY

Computer Science and Engineering undergraduate with a strong foundation in Python, SQL, and web technologies including HTML, CSS, and JavaScript. Proficient in problem-solving, analytical thinking, and developing software solutions, with hands-on experience through academic projects. Quick learner with strong communication and teamwork skills, eager to contribute to software development while continuously learning and adapting to new technologies.

EDUCATION

B.Tech in Computer Science and Engineering (AI & ML) 2023 – 2027
Kalasalingam Academy of Research and Education CGPA: 8.18

Higher Secondary Education (MPC) 2021 – 2023
Sri Chaitanya Junior College Percentage: 92.2%

Secondary School Certificate (SSC) 2020 – 2021
Sri Srinivasa High School Percentage: 99.8%

SKILLS

Programming Languages: Python
Web Technologies: HTML, CSS, JavaScript
Database Technologies: SQL
Tools & Platforms: Git, GitHub, Visual Studio Code
Soft Skills: Problem Solving, Team Collaboration, Communication, Adaptability

PROJECTS

CodeReview AI – AI-Powered Code Review and Security Analysis System
Tech Stack: Python, FastAPI, React, OpenRouter AI, AST, REST API, OWASP Top 10

- Built a full-stack application that analyzes source code and identifies security issues, syntax errors, and code-quality problems using Python AST and rule-based analysis.
- Integrated OpenRouter AI to explain detected issues and provide possible solutions, with supported OWASP Top 10 mapping.
- Built REST APIs using FastAPI and a React frontend where users can view issues, review suggested fixes, verify updated code, and generate PDF reports.

Smart Waste Reporting & Management System
Tech Stack: HTML, CSS, JavaScript, Python (Flask), PostgreSQL, Brevo API

- Developed a full-stack web application that allows citizens to report waste issues by submitting images, location details, and complaint descriptions.
- Implemented role-based access control for Citizens and Administrators, allowing complaint submission, management, and real-time status tracking.
- Integrated secure data storage and automated email notifications for user registration, complaint submission, status updates, and complaint resolution.

CERTIFICATIONS

Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate – Oracle

Python Programming – GeeksforGeeks

Database Management System – CodeChef
